Dear Boblo Island Resident,

RE: CURBSIDE RECYCLING COLLECTION BEGINS DECEMBER 2ND

Welcome aboard residents of Boblo Island! You are now officially a recipient of biweekly curbside recycling collection. Starting **Friday December 2**, and every other week thereafter, you will be receiving curbside collection of recyclables. Please use the red and blue box that you have previously received – Remember the Blue Box is for containers (cans, bottles, jars, tubs, and milk and juice cartons) and the Red Box is for paper (magazines, newspaper, books, office paper, junk mail, boxes, etc.) Please consult the enclosed flyer for a full list of acceptable recyclables. If you don't have a red and blue box please contact Shelley Hubbell at the Discovery Centre (1-877-222-2126). Extra blue and red boxes can be purchased at any Home Hardware Store for \$6.00 (tax included).

We have also enclosed a calendar which covers the months of December and January. You will receive a new calendar prior to February 2012.

Please remember to use the Red Box **ONLY** for paper products and the Blue Box **ONLY** for containers. Always keep your containers and paper separate. Please also place your box out by 6:00 am on your collection day.

If you experience any problems with your recycling collection please contact our recycling hotline at 1-800-265-9625. You can also visit our web site for more information on our various programs at www.ewswa.org.

Please note that collection is wholly dependent on the ability of the recycling collection vehicle to safely access the ferry. If ferry service or collection is cancelled then you will need to hang on to your materials until your next regular collection day. The depot system on the mainland will remain in effect for the balance of 2011.

Thanks for your participation and remember to give us all your recyclables!

A handwritten signature in black ink, appearing to read 'C. Wright'.

Cameron Wright
