ADDENDUM #1

JANUARY 22, 2020

The following questions were asked by potential bidders. Please see the answers below:

1. Are tire punctures or wear and tear covered under the service contract?

Answer: Tire punctures, cut and abrasions caused by normal wear and tear will be covered by EWSWA as part of normal maintenance. Tire defects as a result of manufacturing process shall be covered by the tire supplier and bidder.

2. Is a tier 4 interim acceptable?

Answer: Engine shall be US EPA Final Tier 4 / EU Stage IV
