chip & frozen juice cans,  
discard plastic lids

## Recycling Program Reminders & What Can't Be Recycled

### Blue Box / Cart

Containers **must** be placed in the Blue Box or the Container Recycling Cart. Container items can't be mixed with paper items in the same box/cart. If they are mixed - the whole box/cart becomes contaminated as we have a two-stream program and will **NOT** be recycled.

Approved  
Blue Box  
Box Weight Limit:  
20 kg / 44 lb

Approved  
Recycle Cart  
Must be outfitted with the Standard North American Lifting Mechanism and must be labeled for one type of material (i.e. containers).

### Do NOT put these materials in the Blue Box / Cart.

**Recycling tied in plastic bags is not recycled and ends up in landfill.**

Our two-stream recycling program is material specific. If you put any of these 'unaccepted items' in your recycle boxes they **become garbage in this program**.

**Cross Contamination:** Refers to the act of mixing paper products and containers in the same box/cart. This causes serious operational issues at our facilities.

No Plastic Bags

No Propane Tanks

No Scrap Metal

No Stringy Things

No Paper

No Clothes

No Plastic Products

No Garbage
