No Grease Down The Drain

A message from Public Works

Grease is a by-product of cooking. It comes from meat, lard, oil, shortening, butter, margarine, food scraps, baking goods, sauces and dairy products. When grease washes down the sink, it sticks to the insides of the pipes that connect your home or business to the Town's sewer. It also coats the insides of the Town's sewer pipes. Eventually, the grease can build up until it completely blocks sewer pipes. That can create difficult and expensive maintenance problems for both the Town and private property owners.

How You Can Help?

Don't pour grease down sink drains or toilets. Scrape grease and food scraps into the trash or pour grease into a disposable container, let it harden and throw it in the garbage.

Other Items That Should Not Be Flushed

- disposable diapers
- paper towels
- feminine hygiene products
- cotton balls and swabs
- cleaning wipes (even if flushable)
- unused medications
- bandages and bandage wrappings
- razor blades and needles

The only thing you should ever flush down a toilet is toilet paper.

Anything else can block pipes, cause mechanical problems at pump stations or treatment plants, and pollute the environment.

If additional information is required please call the Public Works Department at (519) 736-3664.

Do NOT pour left over cooking grease down the sink.

Christmas Trees / Snow Priorities

Real Christmas trees are a renewable resource. At most Christmas tree farms, up to three seedlings are planted in spring for every tree harvested. Please place your tree at the roadside the night prior to the Christmas Tree collection day:

Christmas Tree Recycling Requirements:

Trees are run through the chipping machine and turned into compost, so all decorations, tree skirts, and plastic tree bags, etc. must be removed. Thanks for your help!

Please place your tree out for collection the night before one of the dates listed below:

- **Monday, January 5th, 2026.**
- **Monday, January 12th, 2026.**

Snow Removal:

During heavy snowfalls, when snowplowing of roads is required, residents are requested to park vehicles off of the road and to remove any unlawfully placed items such as basketball and hockey nets.

Please be considerate of the collection workers and place your garbage, yard waste and recyclables in a level, accessible area.

Thanks for your cooperation! Have a very Happy New Year!

Grow Green in 2026:
